

Methods 3: Multilevel Statistical Modeling and Machine Learning

Week 41: Summarising mixed models
October 8, 2026

Structure – part 1

- ~25 minutes: sit together in groups of 3-4 students, study groups or no, and add questions to this open document on CryptPad, [\[link\]](#), under the five headings:
 - *Multilevel models (W02)*
 - *Generalised linear modelling (W03)*
 - *Evaluating generalised multilevel models (W04)*
 - *Explanation versus prediction (W05)*
 - *General questions*
- Please feel free to add your own headings as well

Structure – part 2

- ~35 minutes: switch with two people from another group and supply the answers (verbally and in CryptPad) [\[link\]](#) to the other group's questions

Structure – part 3

- ~30 minutes: free-for-all discussion and questions directed to the instructor
